3). fly Swatter

The idea

- the Screen starts off with a fly on the Screen
- the Player ~~can~~ clicks on the fly
- a fly Swatter appears and replaces the fly's position giving the illusion that the fly is swatted under the fly Swatter

4) Diglet Hole

the idea

- the Screen shows a green background with a circle brown hole in the middle
- the Player clicks the hole
- a diglet appears for a few seconds then disappears

5) Jack in the box

Idea:

- the Screen Shows a closed Jack in the box
- the Player clicks it numerous times
- after a certain amount of clicks the Jack Springs out
